**Sir:**

**REQUEST FOR RECONSIDERATION UNDER 37 C.F.R. 1.137(b)**

In response to the Decision, mailed September 28, 2005, denying the Petition to Revive under 37 C.F.R. 1.137(b) an unintentionally abandoned application, the Applicant respectfully request the Honorable Commissioner to reconsider and grant the Petition under 37 C.F.R. 1.137(b) and revive the unintentional abandoned above-identified application in view of the facts and reasons set forth below.

**Statement of Facts**

1. On May 3, 2001, the US Patent Office mailed a Final Office Action to the Applicant's Representative.

2. Although the Applicant's Representative apparently received the Final Office Action dated May 3, 2001, the attorney, Mr. Patrick J. O'Shea (Registration Number 35,305), assigned to handle the above-identified application, failed to ensure that the Office Action was properly docketed for a Response. (See attached copies of the Applicant Representative's Docket Records for the Months of May 2001 to November 2001, evidencing the failure to docket the Final Office Action dated May 3, 2001.)

3. On July 26, 2002, the US Patent Office mailed a Notice of Abandonment indicating that the above-identified application had been abandoned for failing to response to the Final Office Action dated May 3, 2001. Although the Applicant's Representative apparently received the Notice of Abandonment mailed July 26, 2002, Mr. O'Shea, the attorney assigned to handle the above-identified application, failed to ensure that the Notice of Abandonment was properly docketed for a petition. (See attached copies of the Applicant Representative's Docket Records for the month of August 2002, evidencing the failure to docket the Notice of Abandonment dated July 26, 2002.)

4. On December 31, 2004, Mr. O'Shea's partnership with Gauthier & Connors was severed.

5. On or about December 31, 2005, the undersigned, in reviewing matters handled by Mr. O'Shea, determined that Mr. O'Shea had failed to file a response to the Final Office Action dated May 3, 2001 and to file a petition to the Notice of Abandonment dated July 26, 2002.

6. On September 28, 2005, the US Patent Office issued a Decision denying the February 17, 2005 Petition to Revive under 37 C.F.R. 1.137(b).

**REMARKS**

The above-identified application has been unintentionally abandoned. The entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 C.F.R. 1.137(b) was unintentional.

**Formal Response**

A Request for Continued Examination with formal Amendment to the Final Office Action, dated May 3, 2001, has been attached hereto. The Honorable Commissioner is respectfully requested to accept the attached Request for Continued Examination with formal Amendment to satisfy the requirements of 37 C.F.R. 1.137(b).

**Evidence Showing Non-Docketing of Final Office Action**

It was at the time of mailing of Final Office Action, and still is the policy of Gauthier & Connors, to review all incoming mail and immediately docket all incoming correspondences from the US Patent Office. It was at the time of mailing of the Notice of Abandonment, and still is the policy of Gauthier & Connors, to immediately docket all incoming Notices from the US Patent Office concerning Abandonment for resolution within thirty days.

Applicant's Representatives have attached the docket records of the Applicant's Representatives for the period of May 2001 to November 2001. The period of May 2001 to November 2001 demonstrates any due dates relating to correspondences from the US Patent Office having a mail date from February 2001 to October 2001 that were received by the Applicant's Representatives.

Applicant's Representatives have also attached the docket records of the Applicant's Representatives for the period of August 2002. The period of August 2002 demonstrates any due dates relating to correspondences from the US Patent Office having a mail date from May 2002 to July 2002 that were received by the Applicant's Representatives.

As evidenced by the docket records of the Applicant's Representatives for the period of May 2001 to November 2001, Mr. O'Shea, the attorney assigned to handle the above-identified application, failed to ensure that the Final Office Action, dated May 3, 2001, was properly docketed for a Response. If the Final Office Action, dated May 3, 2001, had been properly

docketed by Mr. O'Shea, the Final Office Action would have been docketed for a Response within three months (August 3, 2001) and within six months (November 3, 2001). The docket records for the period of May 2001 to November 2001 clearly show no entries for a Final Office Action relating to the above-identified application.

As evidenced by the docket records of the Applicant's Representatives for the period of August 2002, Mr. O'Shea, the attorney assigned to handle the above-identified application, failed to ensure that the Notice of Abandonment was properly docketed for a petition. If the Notice of Abandonment, mailed July 26, 2002, had been properly docketed by Mr. O'Shea, the Notice of Abandonment would have been docketed for a Response within thirty days (August 26, 2002). The docket records for the period of August 2002 clearly show no entries for a Notice of Abandonment relating to the above-identified application.

**Explanation for Failing to Response to the Final Office Action dated May 3, 2001**

The undersigned has thoroughly reviewed the undersigned's law firm's paper and electronic files for the above-identified application and has found no evidence that the Applicant desired to abandon this application.

It was the policy of the undersigned's law firm at the time of filing the above-identified application, and it is still the policy, that the correspondence address, provided to the US Patent Office, designate the attorney responsible for that client as the primary contact person although another attorney or partner in the firm will actually be responsible for performing the work in preparing and/or prosecuting the application. This policy was established to prevent activities by associates and/or partners not responsible for the client from negatively impacting the client as well as safeguarding the docketing procedures of the undersigned's law firm. The above-described policy has successfully safeguarded the docketing process of the undersigned's law firm.

It was the policy of the undersigned's law firm at the time of filing the above-identified application, and it is still the policy, that all incoming correspondences from the US Patent Office are given to the attorney named as the primary contact in the correspondence address. It is the responsibility of the attorney named as the primary contact in the correspondence address to process the correspondence and properly docket the correspondence on both the docket of the

attorney responsible for that client and the docket of the attorney actually handling the matter. The policy of designating the attorney responsible for that client as the primary contact person was implemented to ensure that the attorney ultimately responsible to the client was aware of all the activities associated with the client. The above-described policy has successfully safeguarded the docketing process of the undersigned's law firm.

With respect to the above-identified application, Mr. O'Shea failed to follow the policies of the undersigned's law firm at the time of filing the above-identified application by naming himself as the primary contact in the correspondence address. Mr. O'Shea's failure to follow the policy of the undersigned's law firm hindered the safeguards of the policies of the undersigned's law firm associated with docketing from being realized.

The undersigned was, at the time of filing the above-identified application, and still is the attorney responsible for the client associated with the above-identified application. Mr. O'Shea's failure to follow the policies of the undersigned's law firm, by designating himself as the primary contact person at the time of filing the above-identified application, hindered the undersigned from properly monitoring and supervising the overall prosecution of the above-identified application.

It was the policy of the undersigned's law firm at the time of the mailing of the Final Office Action, and still is the policy, to forward all Office Actions to the client with a cover letter explaining the Office Action and the suggested course of action going forward. After a thorough review of the Firm's paper file for the above-identified application and electronic records of the undersigned's law firm, the undersigned could not find any evidence that this letter was ever generated or forwarded to the Applicant.

The failure to properly respond to the Final Office Action dated May 3, 2001 was due solely to the actions of Mr. O'Shea, wherein these actions were not authorized by the Applicant.

In view of the evidence showing that a letter informing the Applicant of the Final Office Action was never sent, the Applicant was never aware of a pending Office Action that required a Response. Moreover, Mr. O'Shea's failure to respond to the Final Office Action was not authorized by the Applicant. Since the Applicant did not know of the need to respond to the outstanding Final Office Action and the Applicant did not authorize the abandonment of the

above-identified application, the Applicant could not form the requisite intent to abandon the above-identified allowed application.

**Explanation for Delay in Realizing the Status of the Above-Identified Application**

The Applicant was relying upon the Applicant's Representatives to monitor the progress of the Applicant's application. As explained above, the Applicant's Representatives, due to Mr. O'Shea's failure to follow the policies of the undersigned's law firm, failed to inform the undersigned that this application had become abandoned. It was not until a physical search of Mr. O'Shea's files, on or about December 31, 2004, that the undersigned became aware that this application had become abandoned for failure to respond to the Final Office Action.

**Response to Decision Dated September 28, 2005**

The Decision, dated September 28, 2005, indicated that the Formal Request for Continued Examination under 37 C.F.R. 1.114. The undersigned cannot determine why the Formal Request for Continued Examination under 37 C.F.R. 1.114 was not included with the Petition filed on February 17, 2005. However, notwithstanding, the undersigned has attached a new Request for Continued Examination under 37 C.F.R. 1.114 with this request for reconsideration.

Moreover, the Decision, dated September 28, 2005, indicated that the Petition, filed February 17, 2005, failed to include a statement indicating that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 C.F.R. 1.137(b) was unintentional although the Petition, filed February 17, 2005, included a showing that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 C.F.R. 1.137(b) was unintentional. However, notwithstanding the showing, the present Request for Reconsideration includes a statement indicating that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 C.F.R. 1.137(b) was unintentional.

**SUMMARY**

The Applicant did not intend to abandon nor delay the prosecution of the above-identified application because the Applicant relied upon the undersigned to monitor the progress of the Applicant's application and to inform the Applicant when action was required to maintain the pendency of the application. The undersigned was hindered from properly monitoring the progress of the Applicant's application as a result of Mr. O'Shea's failure to follow the policies of the undersigned's law firm. The Applicant was not aware that the Final Office Action had been received nor that action was needed with respect to the above-identified application. Lastly, the Applicant did not authorize Mr. O'Shea or the undersigned to abandon the above-identified application.

In conclusion, the Applicant should not be penalized due to the actions of Mr. O'Shea. The Applicant did not intend to abandon nor delay the prosecution of the above-identified application. Moreover, the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 C.F.R. 1.137(b) was unintentional.

The Honorable Commissioner is respectfully encouraged to contact the undersigned to discuss the circumstances warranting this Petition.

Accordingly, in view of all the reasons set forth above and the attached evidence, the Honorable Commissioner is respectfully requested to grant the Petition to Revive under 37 C.F.R. 1.137(b).

Respectfully submitted,
